## Immunization Opt-Out Waiver information

OAKLAND COUNTY EXECUTIVE L. BROOKS PATTERSON

HEALTH DIVISION

Regarding: Immunization Rule Change

Dear Parent/Caregiver:

Since 1978, Michigan law has required children to be up-to-date with required immunizations **ON** or **BEFORE** the first day of school/childcare. A child who fails to meet this requirement will not be admitted to school/childcare. The following circumstances allow a required vaccine to be waived or delayed:

1. A valid medical contraindication exists, preventing the child from receiving the vaccine at this time. A medical waiver should be completed and signed by the child's physician and should state the contraindication, vaccine involved, and time period during which the child is prevented from receiving the vaccine.
2. The parents/caregivers have valid religious or philosophical beliefs which prevent receipt of a vaccination. Waivers should not be taken lightly. A child who is not fully vaccinated against vaccine-preventable diseases could be a risk to others and for contracting the disease.

On December 11, 2014, the administrative rule was passed by Michigan Department of Community Health requiring any parent/guardian wanting to waive vaccine/vaccines for nonmedical reasons to receive vaccine education from their local health department. **This rule applies to children entering childcare, kindergarten, and 7<sup>th</sup> grade or newly enrolled in the school district after January 1, 2015.**
